- Patent Pending GB0901217.0

There are five colour options available and these include Charcoal, Red, Green, Sand, and Brown

‘**Rubber Deck**’ is ideal for the following;

- Residential Garden
- Schools and Playgrounds
- Golf Courses
- Hotels and Inns
- Holiday Parks
- Industrial Applications
- Pool Surrounds
- Smoking Areas

‘**Rubber Deck**’ boards can be face fixed by using standard deck screws however the screw head would remain visible on the deck surface.

The preferred method of fixing is to face fix with either trimhead screws or use galvanised deck clips as shown below.
